Children's Program

"Drawing and Inventing with Leonardo da Vinci"

Ages 6 - 8: Tues, March 14 - April 25, 2:45 pm - 4:00 pm **\$150**
Ages 8 - 11: Wed, March 15 - April 26, 4:15 - 5:45 pm **\$160**

Develop new drawing skills as you learn about the Renaissance artist, Leonardo da Vinci. Keep a sketchbook of your drawings and ideas, complete with invisible written notes. Learn how to sketch from observation using gesture and contour line in pencil, charcoal and ink. Have fun combining real subjects and your imaginary world into fantastic drawings. Older students will begin developing work in 3 dimensions and incorporate tools of perspective with pencil and charcoal shading. Discover some of Leonardo's inventions and then design your own amazing creations!

Advanced Youth

Ages 10 - 13: Tues, Mar 14 - Apr 25, 4:15 - 5:45 pm **\$170**

Advanced Youth will focus on drawing techniques in more depth. Students will practice gesture and contour drawing using pencil, charcoal, and ink. Foundation skills in perspective and modeling light and dark will be introduced as a variety of subjects are explored. Students will gain inspiration from demonstrations and viewing both classical and modern art.

Adult Watercolor

Wednesdays, March 8 - April 19, 10 am - 1 pm **\$220**

Expand your skills in landscape painting as you develop a series of pieces based on both photos and direct observation. View work from a variety of watercolor artists and discuss their approach to painting. Learn to simplify complex imagery into dynamic compositions while maintaining the beauty of this fluid medium. Have fun experimenting with color mixing, layering, and mark making as you gain confidence in your own approach to watercolor. Outdoor plein air painting two days, weather dependent. (Some experience required)

Notes

Classes will not meet the week of April 10 - 14 for Spring Break.
"Women's Night Out" series will return in the Fall.

Summer Art Camp

Ages 7 - 12, Full Day or Half-Day Option
